JOB DESCRIPTION – Production Assembly Operative

Join Our Dynamic Fulfilment Team – Craft, Customise, and Despatch with Excellence!

Are you driven by precision and passionate about playing a pivotal role in a collaborative manufacturing team? If, so, we are on the hunt for a proactive, detail-oriented individual ready to excel in this hands-on role creating and dispatching quality products.

Who we are:

We're more than just a company selling products; we're a team dedicated to providing solutions that power projects across various industries through our aluminium extrusion systems, mechanical parts, customisation services, and components kits, including the WorkBee CNC Machine. Our fulfilment team is at the heart of our operations, ensuring that every order is crafted, customised, and despatched to meet our high standards and our customers' expectations.

Our team is not just a group of employees; we're a close-knit unit, with a 'can-do' attitude dedicated to fostering a culture of involvement, innovation, and excellence.

Your Role:

As a **Production Assembly Operative** you will find yourself immersed in a variety of tasks – each day promising something new. One moment you might be meticulously assembling a WorkBee kit, the next customising aluminium extrusions to client specifications, or ensuring our products are despatched on time and in perfect condition. This role is not just a job; it's an opportunity to grow, refine a wide array of skills, and make a tangible impact on our company and customers.

Join us if you are:

- Enthusiastic about contributing to a cohesive team effort
- Proactive and ready to take on new challenges
- Detail-oriented with a passion for precision
- An excellent team player, ready to support and elevate your peers
- Looking for a role with variety and potential for personal development

We Offer:

- A collaborative and supportive work environment
- A diverse range of tasks to keep you engaged and learning
- The opportunity to develop a broad skill set in manufacturing and despatch
- The satisfaction of being part of a team that takes pride in delivering excellence

Ready to Make a Mark?

If you're keen on the idea of rolling up your sleeves and getting involved in all aspects of our unique business, we would love to hear from you to become our next **Production Assembly Operative**.

Main duties/responsibilities/accountabilities

- **Component Assembly:** Efficiently assemble components, adhering to specific build-time standards while ensuring the highest quality.
- **Machine Operation:** Skilfully operate auto-bagging machinery to sort large volumes of small parts with precision.
- **Adherence to Specifications:** Accurately understand and follow work instructions and specifications outlined in work instruction sheets.
- **Packaging Preparation:** Meticulously prepare packaging to guarantee the perfect condition of items during despatch.
- **Quality Control:** Proactively identify and report any production discrepancies or errors to maintain our high standards.
- **Customisation Machinery Operation:** Handle machinery adeptly for processing custom orders to meet client specifications.
- **Finishing Work:** Utilize hand tools for detailed finishing work on materials, ensuring excellence in final presentation.
- **Workspace Maintenance:** Consistently keep work areas organized, clean, and conducive to productive operations.

These duties are a guide to the work that the post holder will initially be required to undertake. They may be changed from time to time to meet changing circumstances.

Our Recruitment Process

Stage 1: Initial Application - Kickstart your journey by submitting our standardized application form.

Stage 2: Preliminary Screening - We will review your documents to select candidates for the next step.

Stage 3: Comprehensive Interview - Meet face-to-face with hiring managers for a detailed interview, including competency tests tailored to the role, and a meet and greet with the wider fulfilment team.

Stage 4: Evaluation by Hiring Managers – We will review your application, interview notes and test results. Successful candidates will be invited to a trial.

Stage 5: Trial – Take part in a half day trial, giving a deeper insight into the role and our team dynamics, as well as providing us with the opportunity to see you in action. Post trial your performance and team feedback will be evaluated to decide on your progression.

Stage 6: Conditional Offer - If you're the right fit, we'll extend a job offer, contingent upon satisfactory reference checks.

Welcome to the exciting journey of becoming part of our team!
